

Financial Report

2Q of FYE March 2025

2024.11.7

I. Introduction

PURPOSE

Designing 'New Context' for a sustainable society
with technology

<VALUES>

First Penguin Spirit

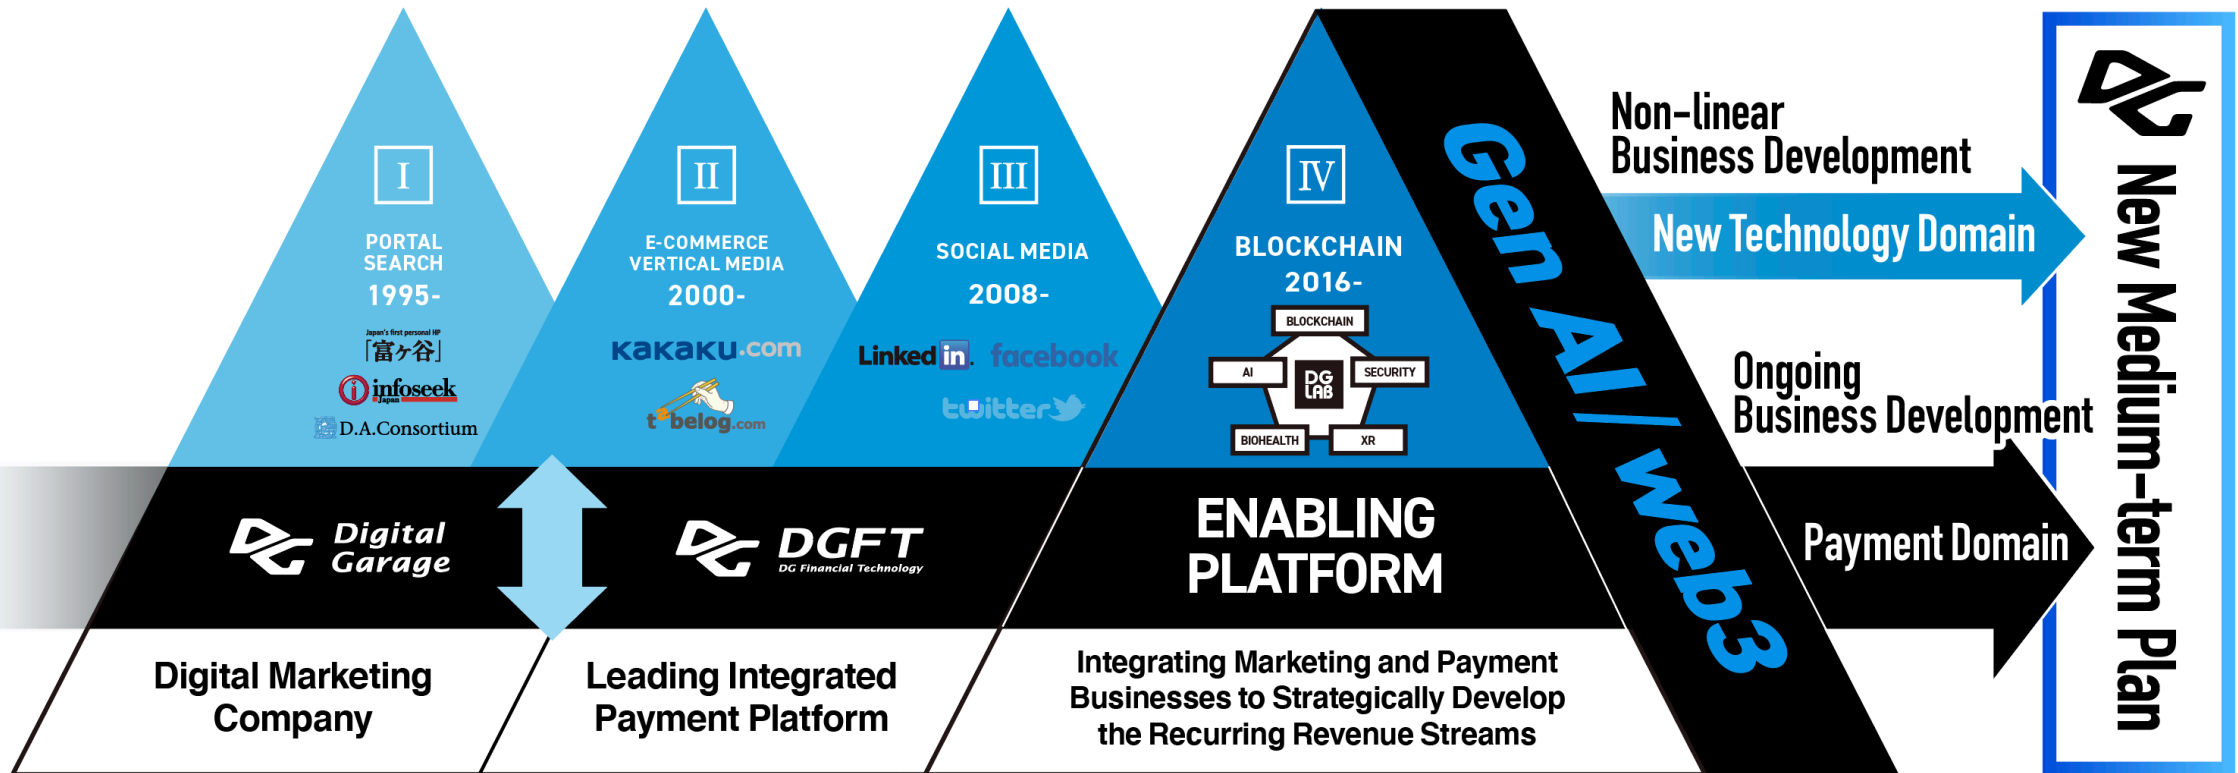

<CORPORATE SLOGAN>

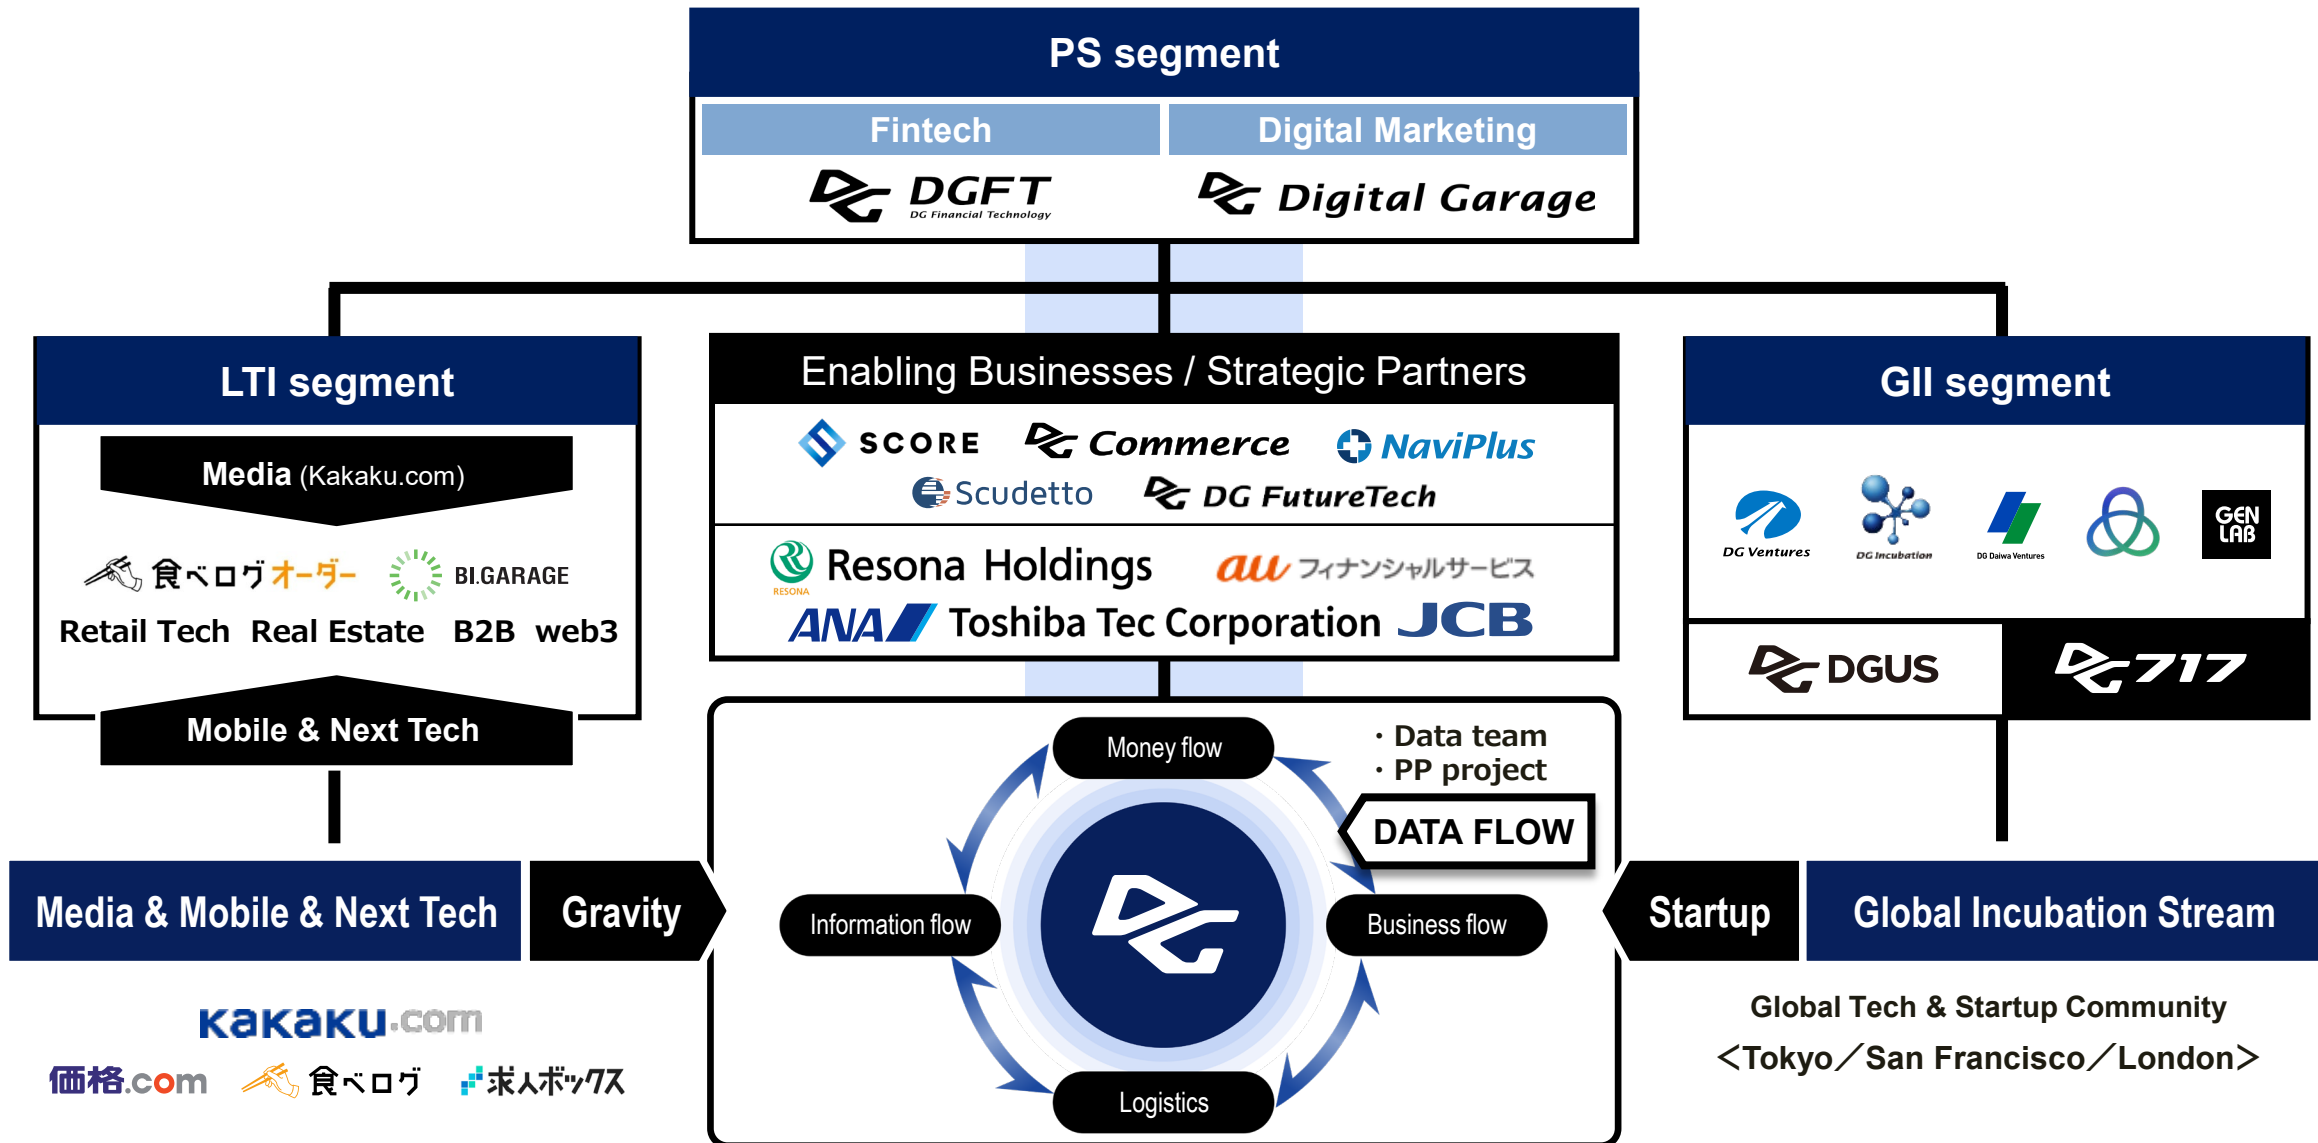

New Context Designer DG

By connecting 3 different technologies in context, Digital Garage has built a structure that captures technological evolution and achieves continuous business growth

Since its establishment in 1995, DG has been developing the latest internet business deploying cutting-edge technologies based on marketing and payment. Our next generation focus will be on Gen AI / web3, etc.

5-year Target

Growth Rate of Pre-tax Profit

5Y CAGR **20** % **Over***

Payment Transaction Volume

FY28.3 **15+** T JPY

Investment Business Income

5Y Total **30+** B JPY

Shareholder Return

5Y ordinary dividends **10+** B JPY

Initiatives

- Diversifying topline by expanding payment monetization through our strategic business groups, acquiring SaaS-based revenues, and collaborating with Kakaku.com, Inc.
- Expansion of peripheral businesses (enabling businesses) centered on payments
- Accelerating GMV growth through collaboration with specialized alliance partners, including Resona Group, KDDI, JCB, and Toshiba Tec Corporation
- Expanding the offline payment domain with the “Cloud Pay” unified QR code payment solution
- Making progress to move investments off balance sheet by transferring portfolio to joint fund with Resona Group (10 bn JPY)
- Aiming to achieve the Medium-term plan target ahead of schedule
- Progressive dividend policy driven by sustainable growth in the payment business
- Increasing ordinary dividend growth rate with the acceleration of strategic businesses
- Proactive stance towards using investment business income for additional shareholder returns (9 bn JPY of share buyback completed in 2 years)

*Excluding investment business and equity-method profit from Kakaku.com, Inc.

II. Consolidated Financial Highlights

Strategy and progress towards FY25.3 guidance: “+20% payment business profit growth” & “+20-25% PS segment profit growth”

NEW

<div>B2B payment</div> <div> DGFT 請求書カード払い </div>	<ul style="list-style-type: none"> 2Q transaction volume increased 289% YoY Launched services through partners such as Resona HD, RACOON FINANCIAL, and cars 	141%

New Business - Revenue

New Business – Payment Transaction Volume

Steady growth in group payment transaction volume, including travel
 Tabelog's multilingual reservation service for overseas travelers saw a monthly user increase after the full-scale launch

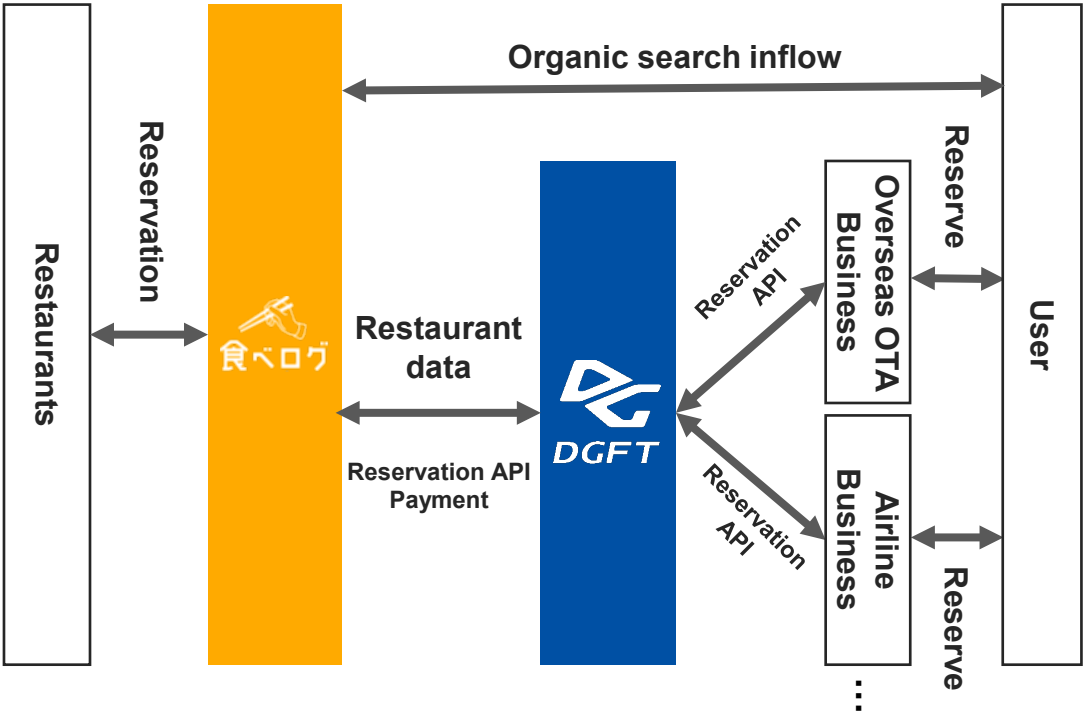

With the full-scale launch of the “Tabelog Multilingual Edition”, with **37,700 restaurants installed, the largest number*** among those services, the number of inbound online reservations continues to grow steadily. Group payment transaction volume, including travel, grew +25% YoY

* As of Sep 2024

<Kakaku.com group – DGFT payment volume>

<Overview of Tabelog inbound reservations & future flow>

Blockstream's fair value fluctuates significantly affected by crypto asset market, & a valuation loss was recorded in 2Q & the balance was reduced to an almost negligible amount

Expects volatility to be limited as there are no other portfolio companies that have experienced such fair value fluctuations

Investment Securities held by Digital Garage

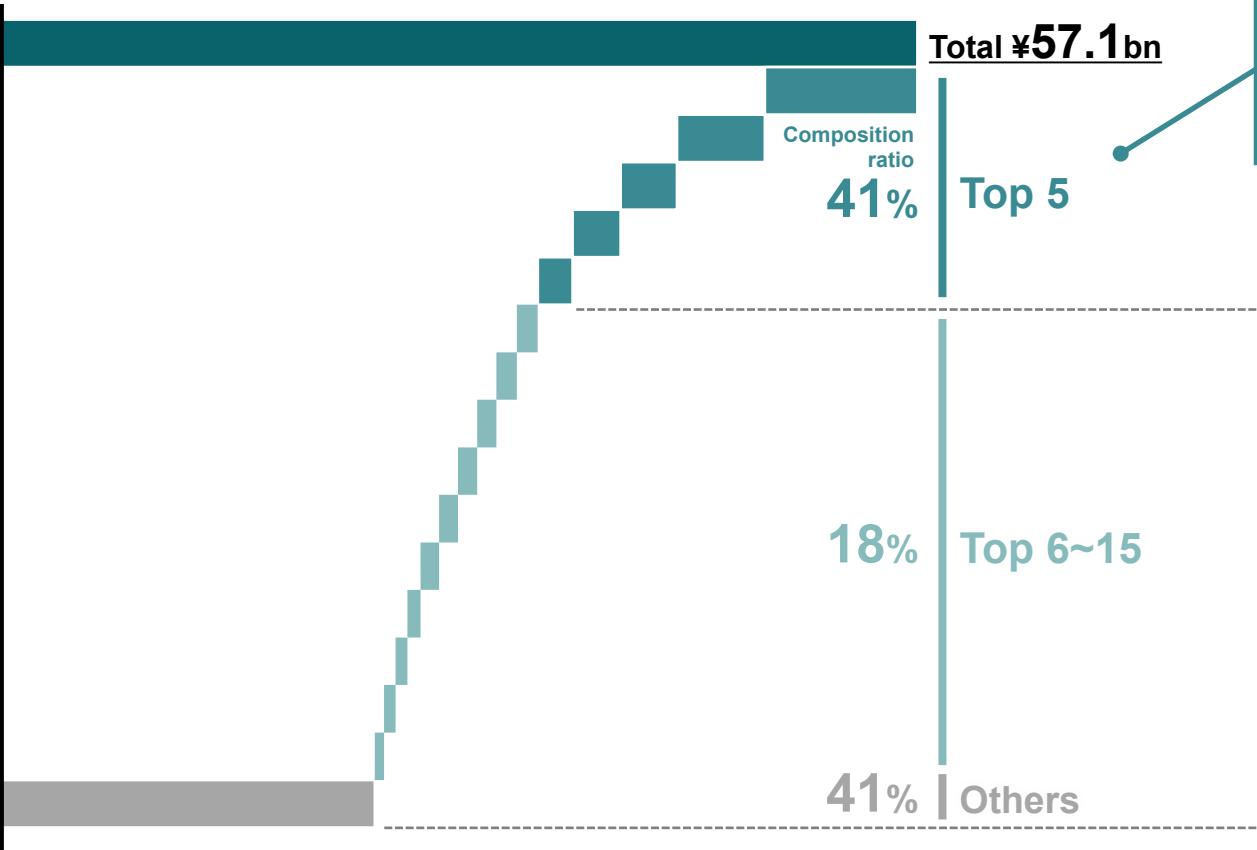

(Unit: 100M JPY)

Our investment portfolio consists of 250+ companies

Continuous & focused monitoring of top-tier investments, while other investments are diversified in terms of value and area

Investment Composition (end of Sep. 2024)

- ✓ Continuous & focused monitoring of business progress & performance, & financial forecasts, etc.
- ✓ Consider off-balancing with top priority

Geographical composition for 6th place & below

Total ¥33.5bn			
North America	Japan	Asia	Fund
25.7%	24.1%	17.0%	31.4%
		Europe etc.	
		1.9%	

Investment Policy Going Forward

Aiming to achieve the medium-term investment business income target of ¥30 bn ahead of plan

1. Accelerate the reduction & off-balancing of operational investment securities

➡ Mitigated impact of fair value fluctuations on consolidated results

2. Selective on-balance sheet investments* focused on business/tech collaborations

➡ Pursuing the growth of our business through business co-creation, in addition to capital gains

3. A shift from on-balance sheet investment to fund-type investment

➡ Group-wide utilization of the information & networks obtained via fund management

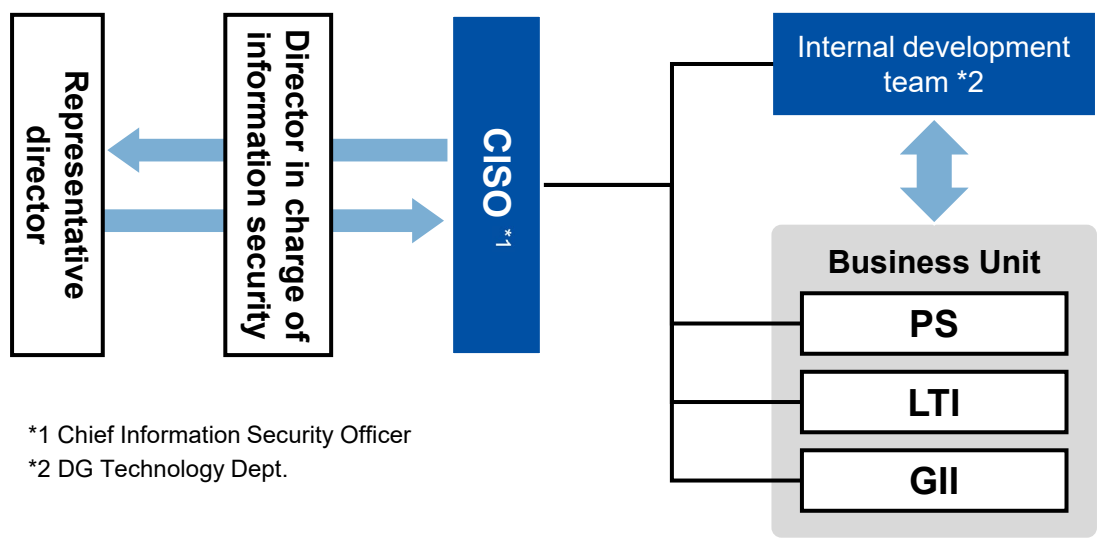

*Direct investment that is recorded on our consolidated balance sheet

V. Sustainability Initiatives

Action 1 Enhanced Security System

Improve effectiveness of risk management by establishing an independent CISO*1 and a security measures structure led by the representative director

*1 Chief Information Security Officer
*2 DG Technology Dept.

Action 3 Publication of Integrated Report

Integrated report that contains sustainability information is scheduled to be published by the end of 2024, on our IR website (<https://ir.garage.co.jp/en/>)

Action 2 GHG Reduction Targets

Restructured marketing business to drive growth in PS segment

Background

- ✓ PS specializes in the payment/Fintech business and accelerates the expansion of payment platforms and other business foundations
- ✓ Commerce marketing is shifting from contract advertising to data-driven marketing as the trend towards eliminating third-party cookies continues

See the excel data sheet for reclassified segment results prior to FY2024.3

- PS Segment expects +20-25% growth, reflecting recovery from a one-time loss and strong business trends
- Full-year profit growth forecast for payment business unchanged at 20%, with stable business expansion and ongoing projects expected to contribute in the second half of the year

	FY 24.3		FY 25.3	
Unit: M JPY	Before Change	After Change	Full-year Forecast	Growth Rate*

Cashless Market Size

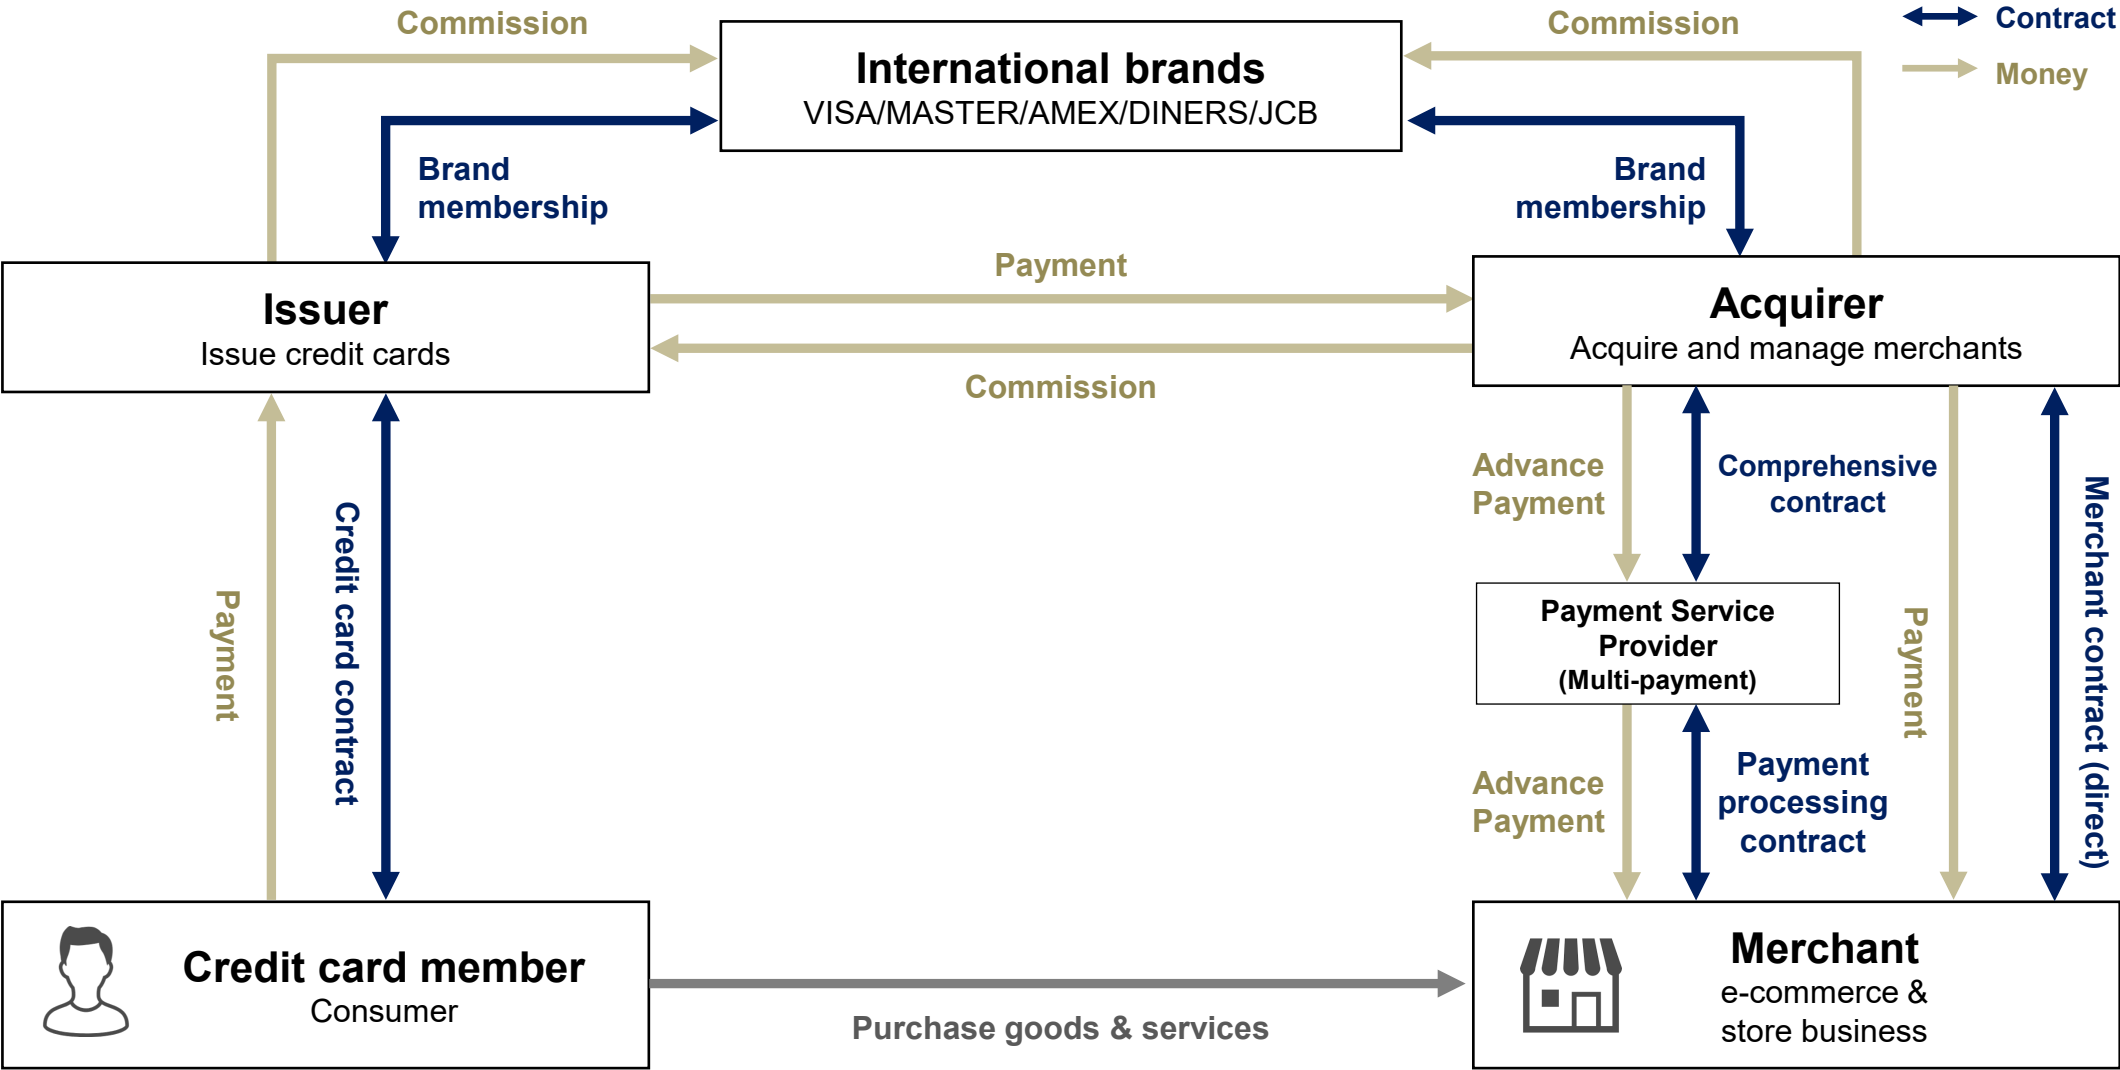

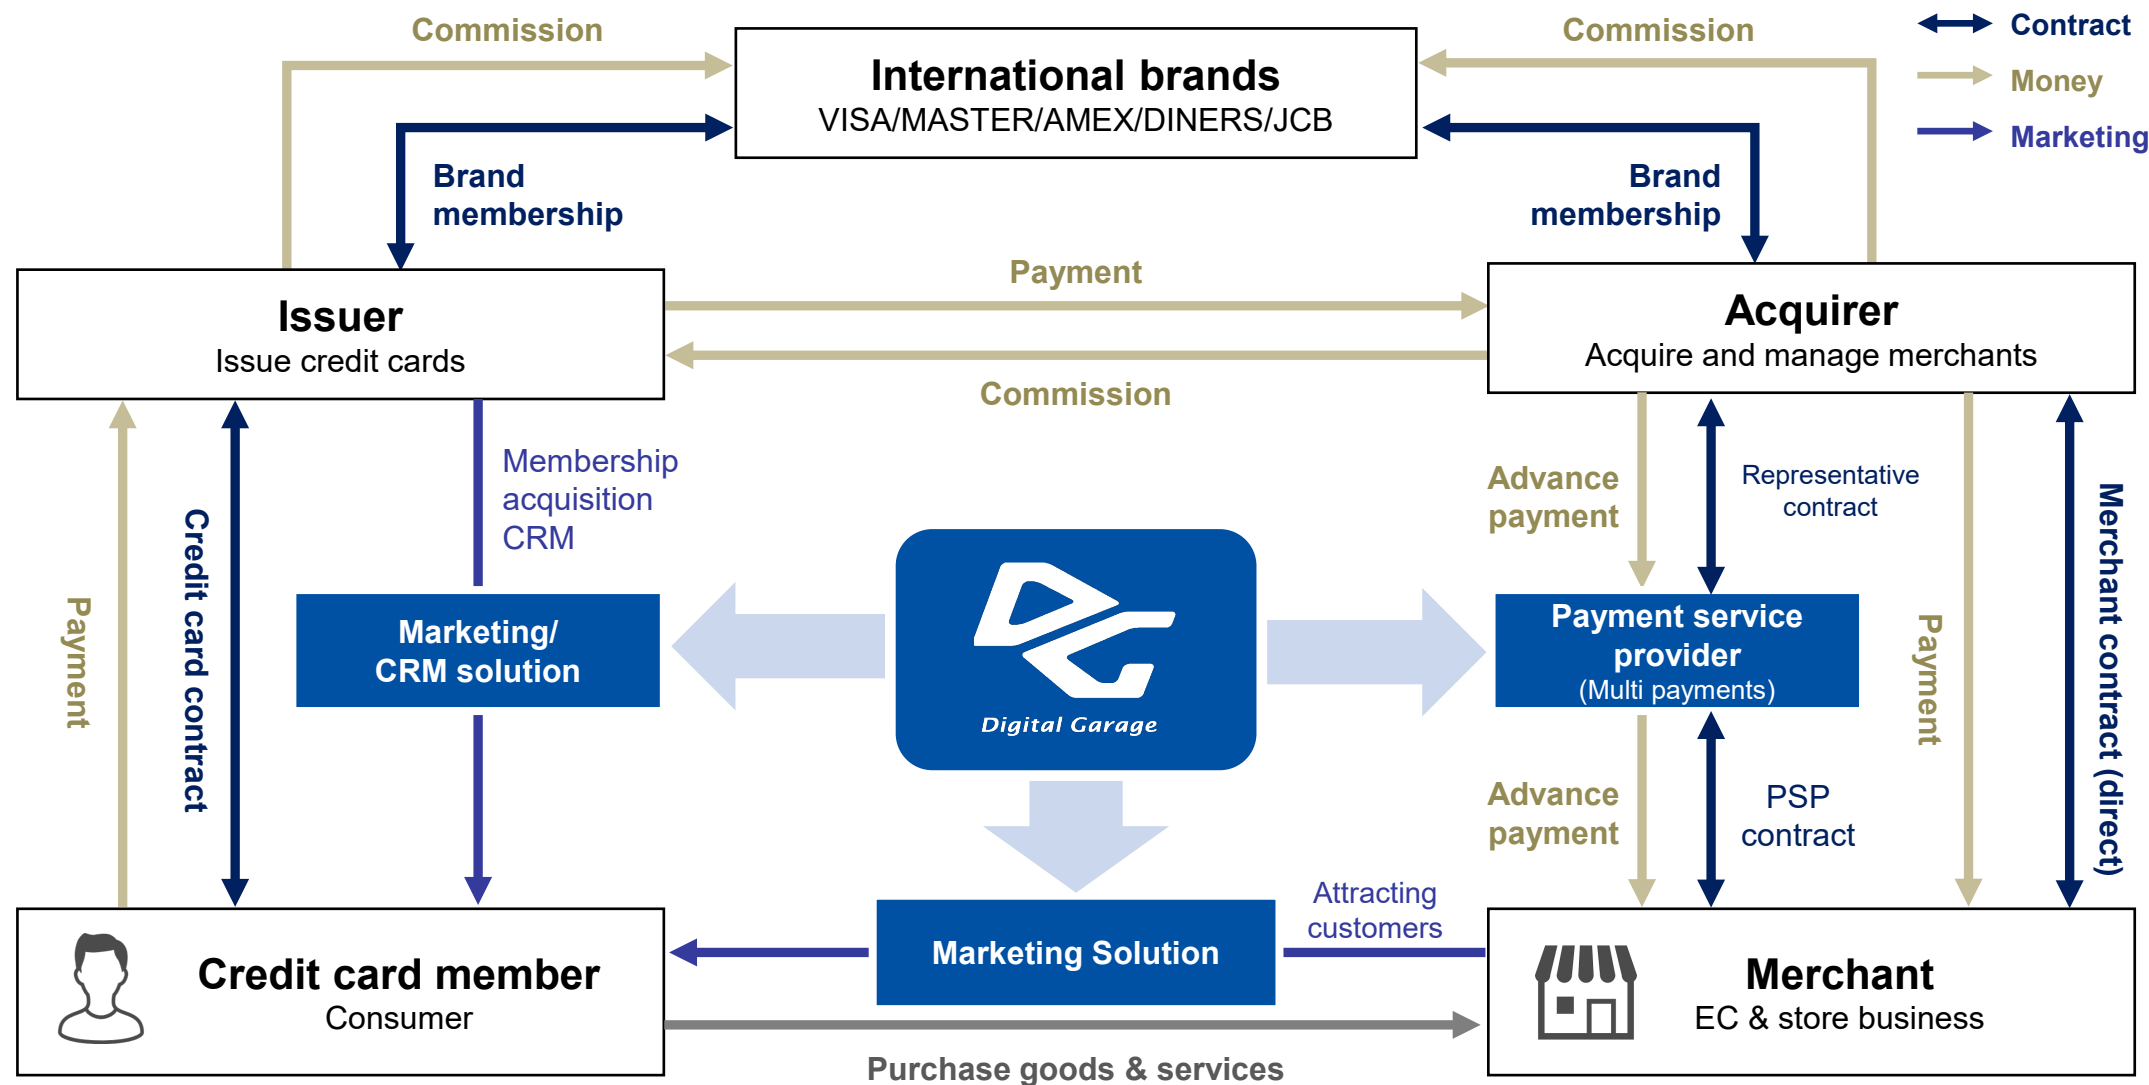

Source: Cabinet Office "Annual Report on National Accounts 2022"
METI "Market Survey on Electronic Commerce 2022"

METI "Cashless Roadmap 2023"
METI "Cashless Vision"

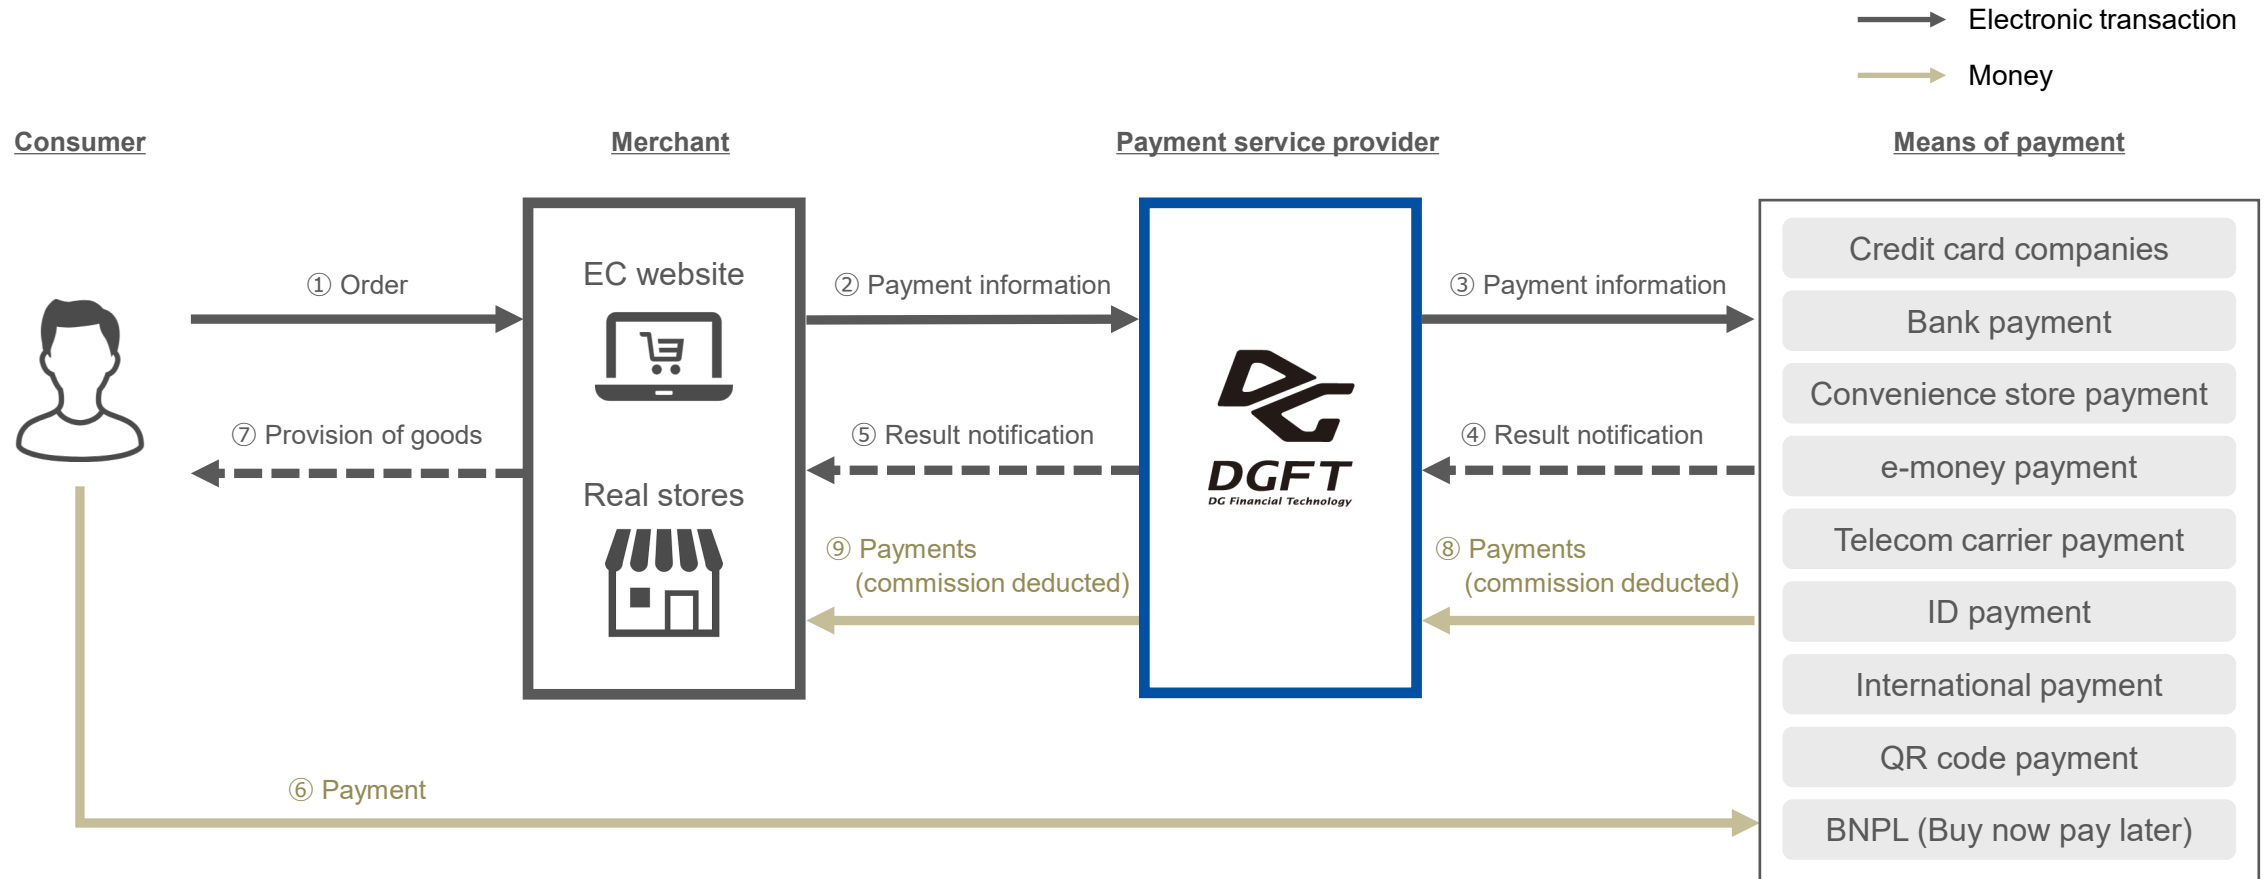

Cashless Rate by Country

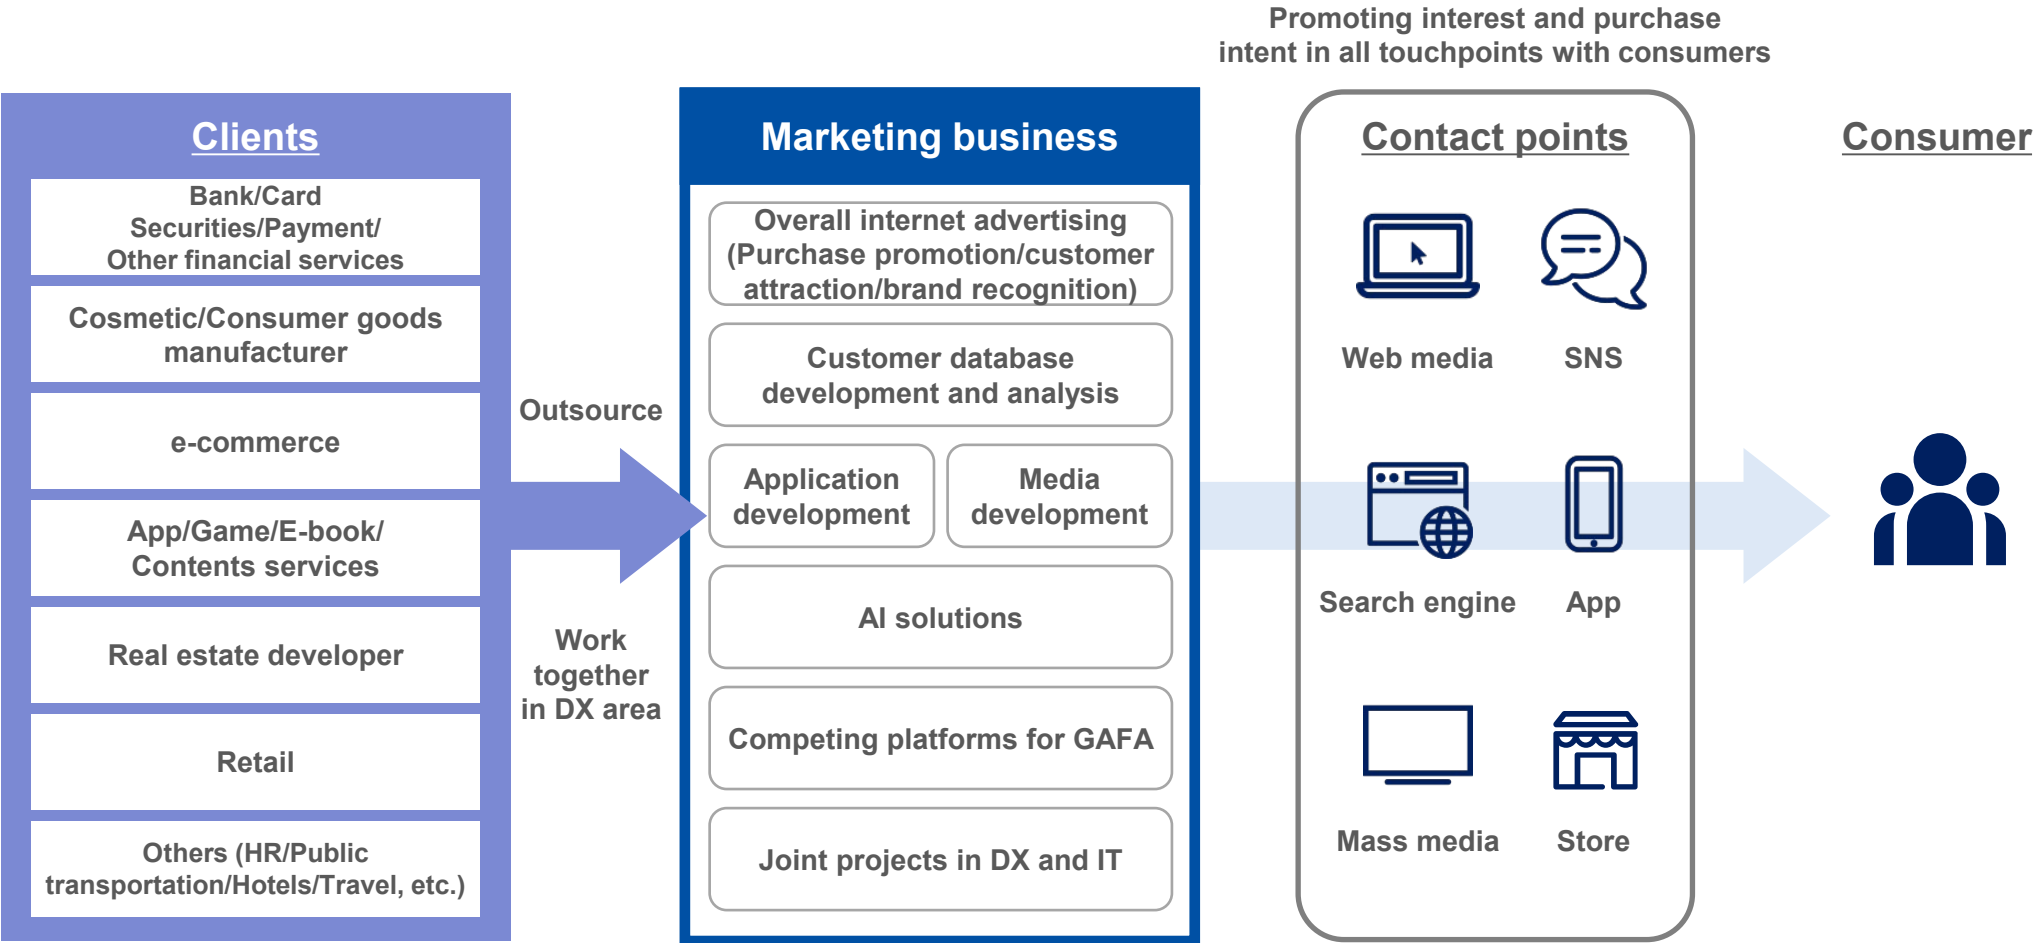

An intermediary service between merchants (e-commerce & real stores) and payment providers (credit card companies, convenience store, etc.), that enables the merchants to install a number of payment methods with a single contract

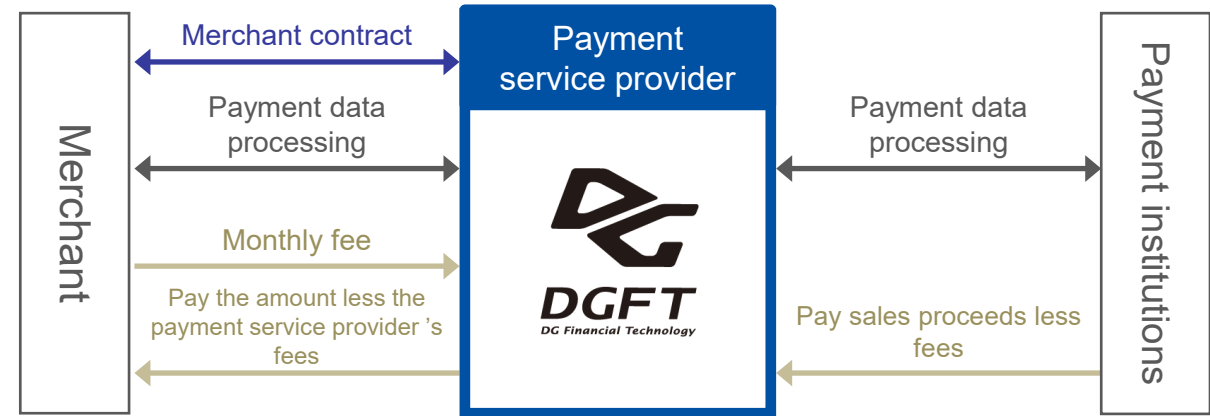

- Supporting clients' business growth through comprehensive digital marketing services
- Providing solutions utilizing CRM and data, and Fintech solutions linked to payment business

Storage agency type (Representative contract)

Acting as an all-in-one agent for contracting procedures with various payment institutions and payment of sales amounts

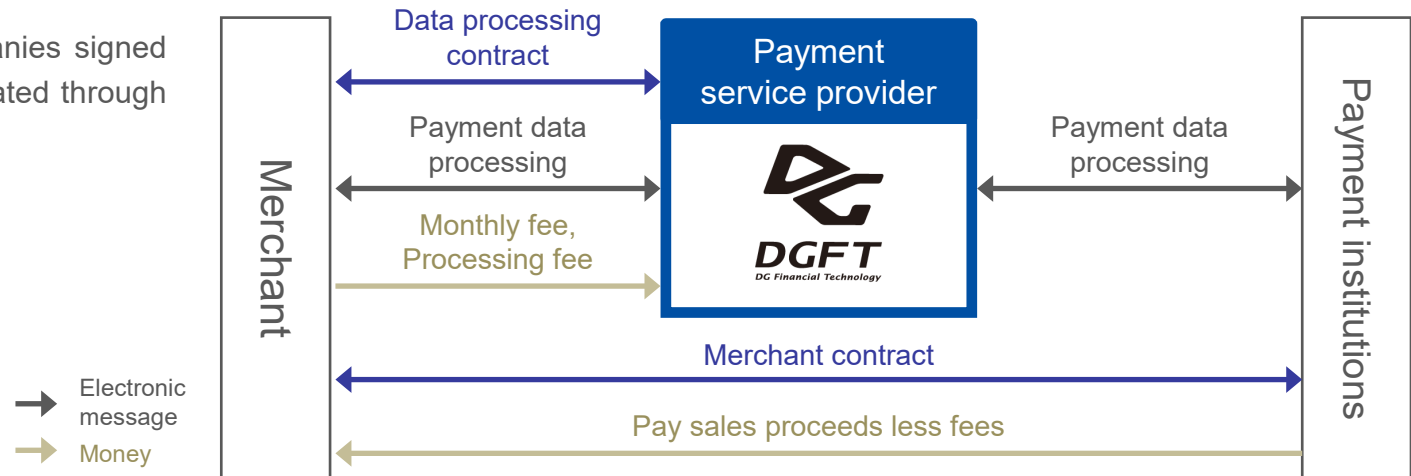

- We handle all contracting procedures with payment providers such as credit card companies and financial institutions
- Monthly sales proceeds are deposited to the merchant in a lump-sum payment from our company
- Single point of contact for payment
- Streamline operations such as payment management and confirmation

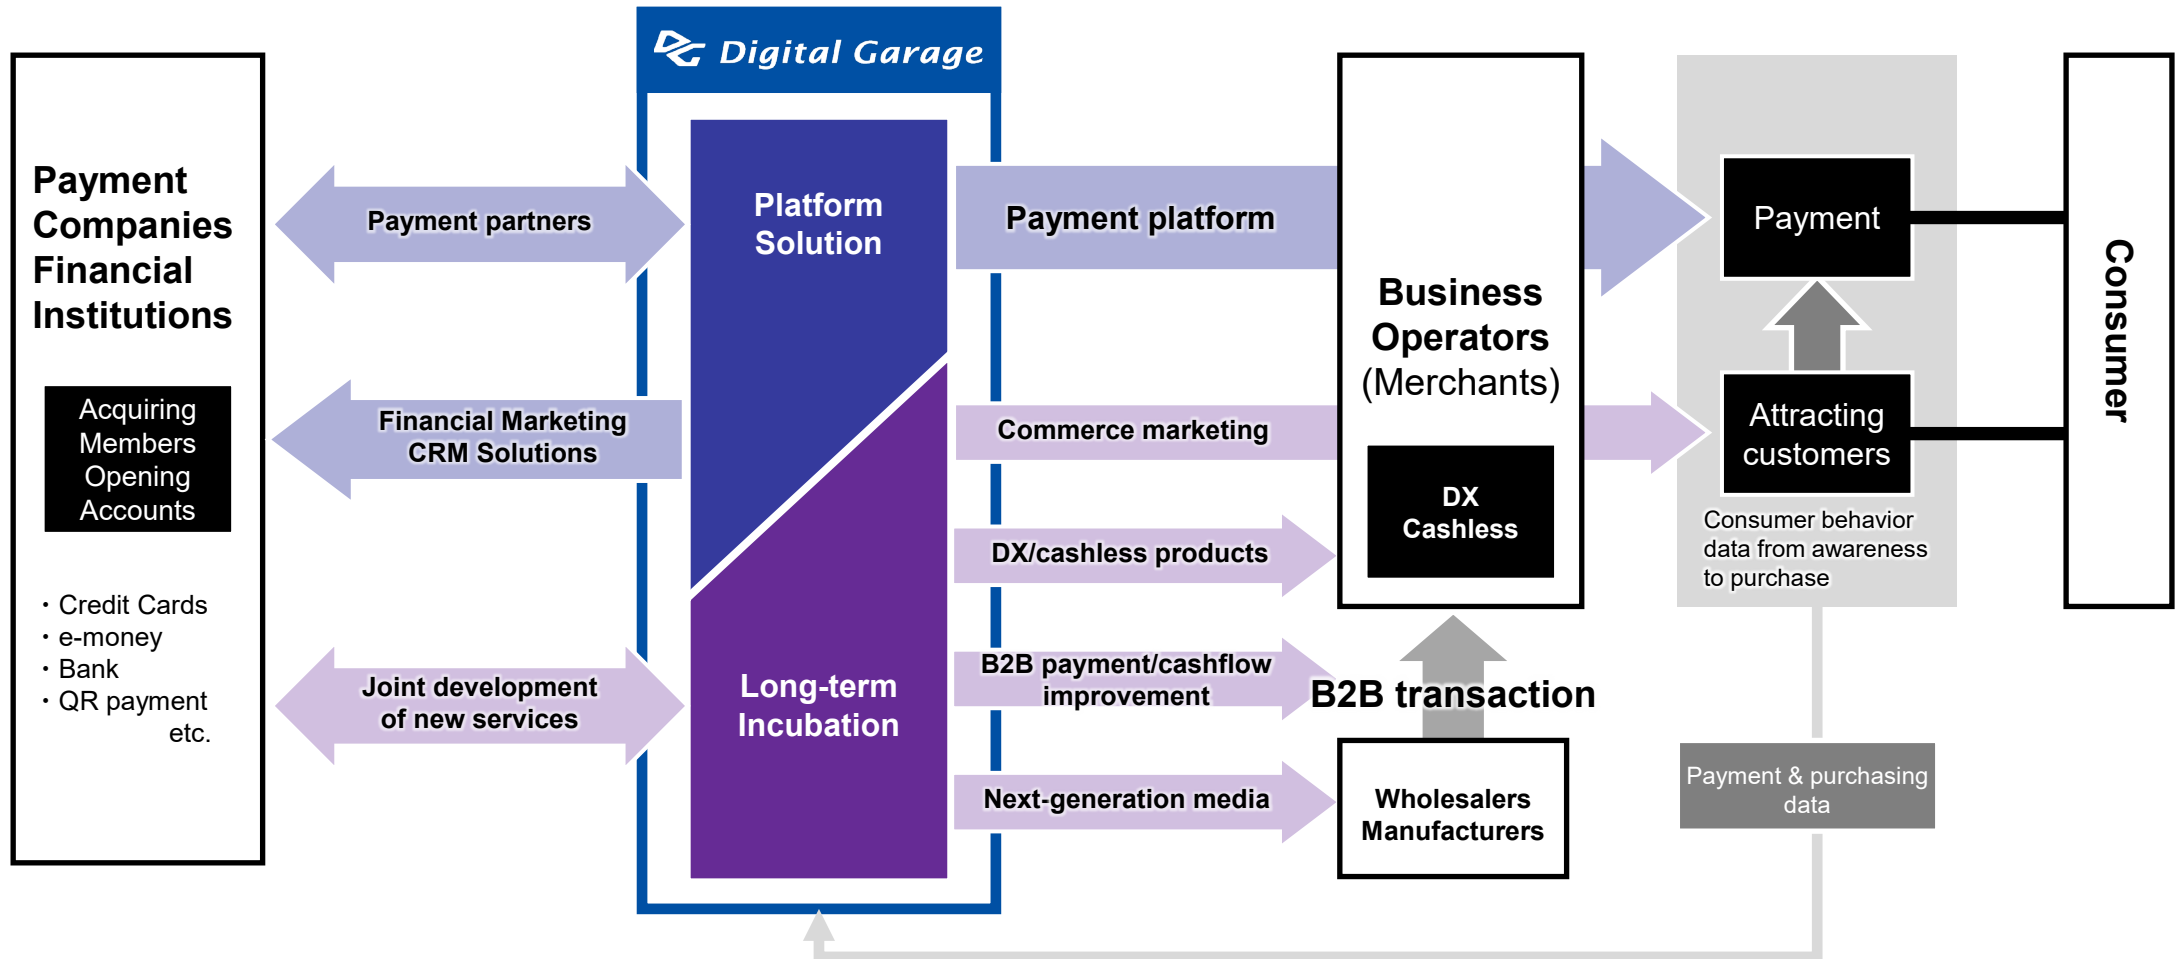

Payment data processing type (Direct contract)

Based on the merchant agreements with credit card companies signed by the merchants, credit card payment processing is automated through the introduction of a payment system provided by PSP

- Provide payment systems and automate card payment processing
- Merchants sign contracts directly with credit card companies
- Provide the necessary software and transaction management tools
- Also provide support for software installation

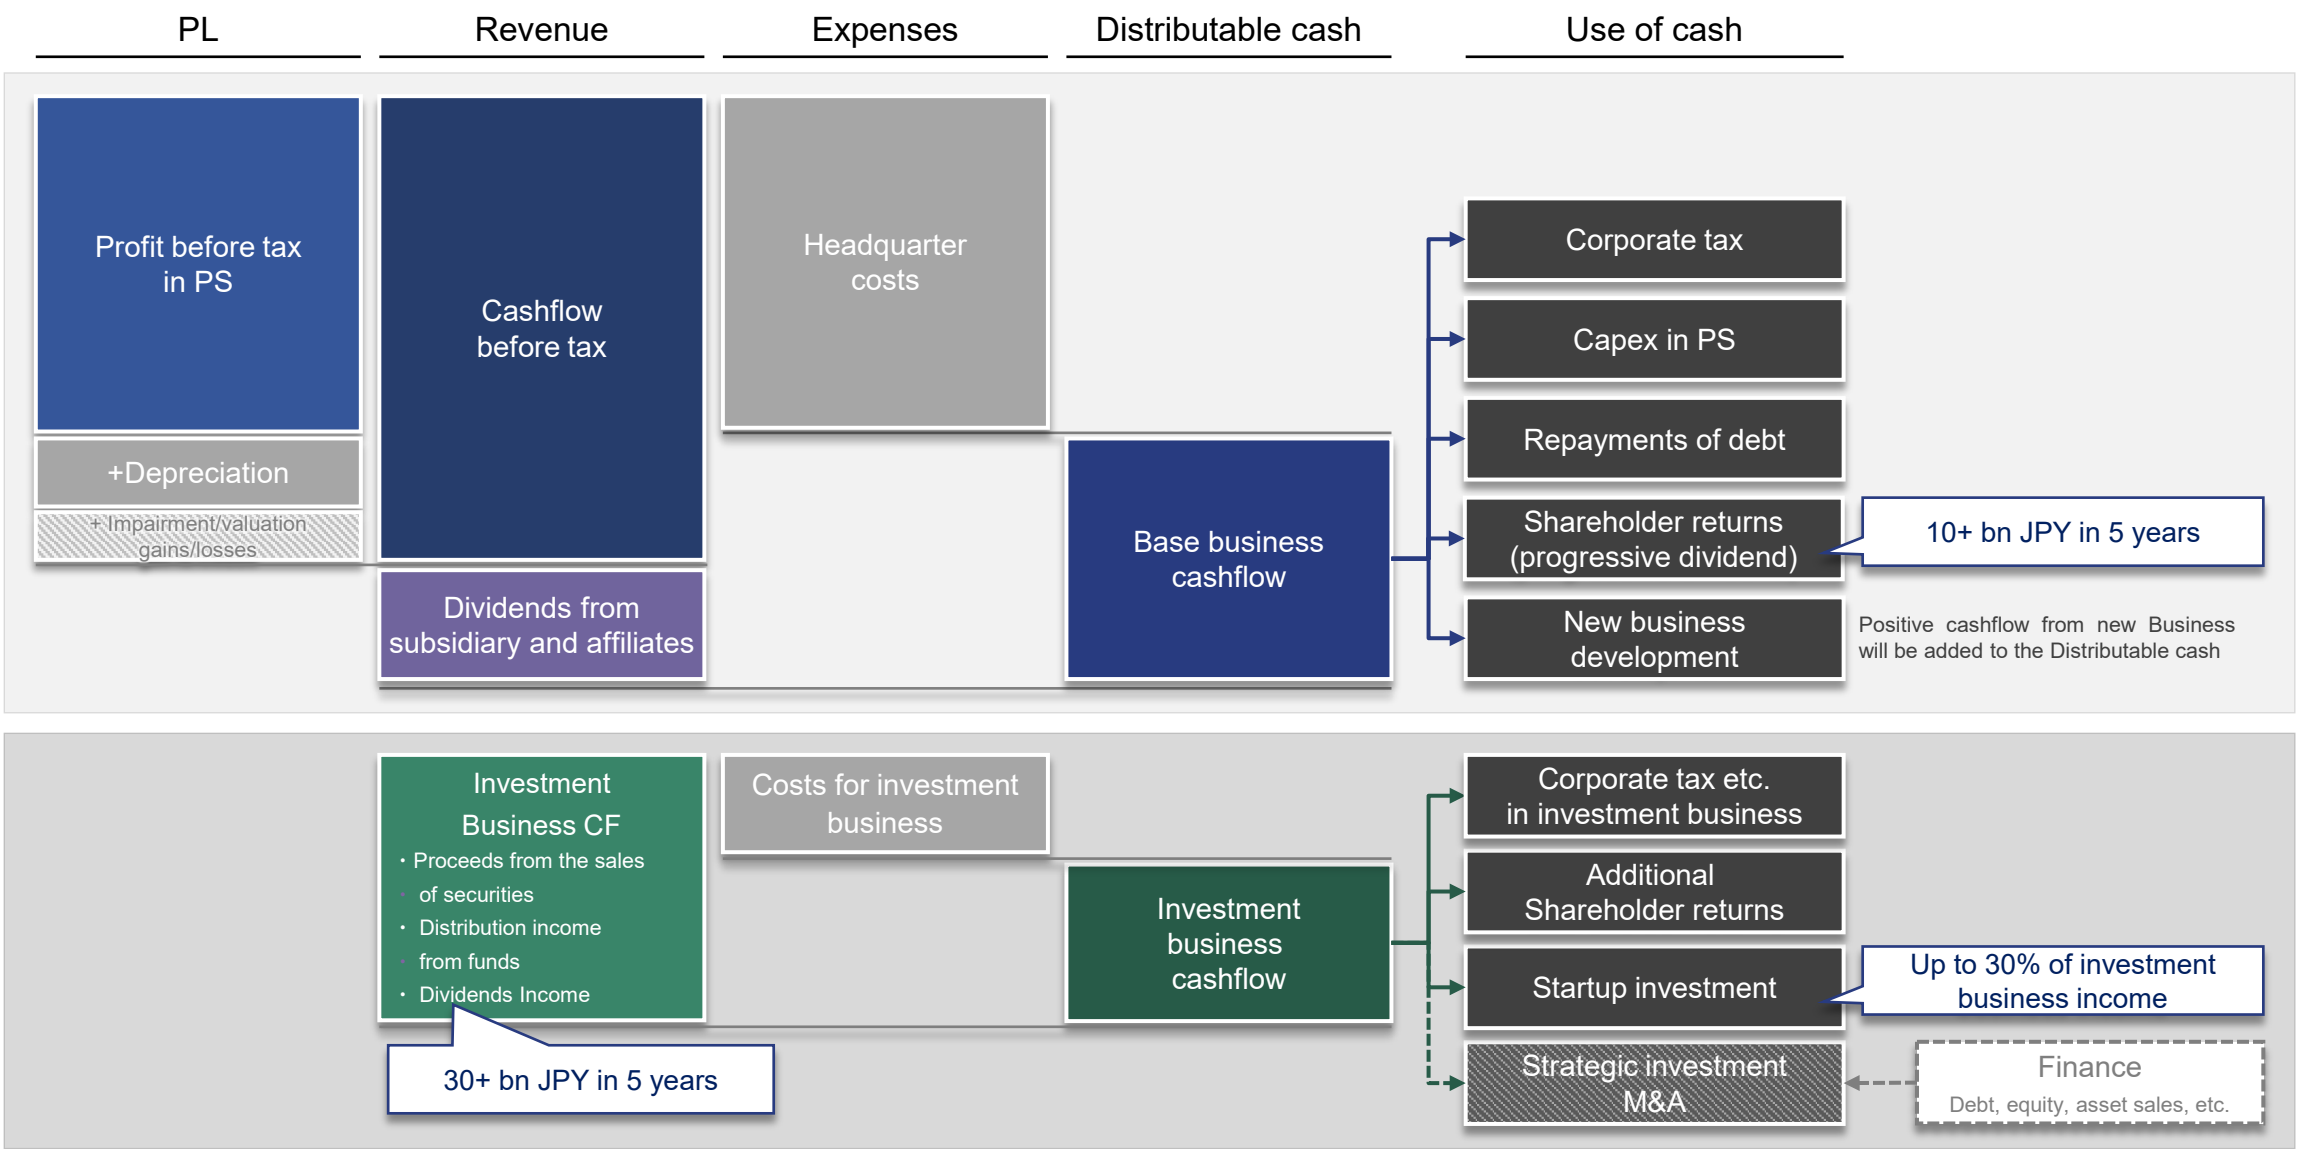

- Stable platform that continuously generates consistent revenues, mainly from payments
- Creating multi-layered revenue opportunities with existing businesses and DX/ Fintech/ Next-generation media, etc.

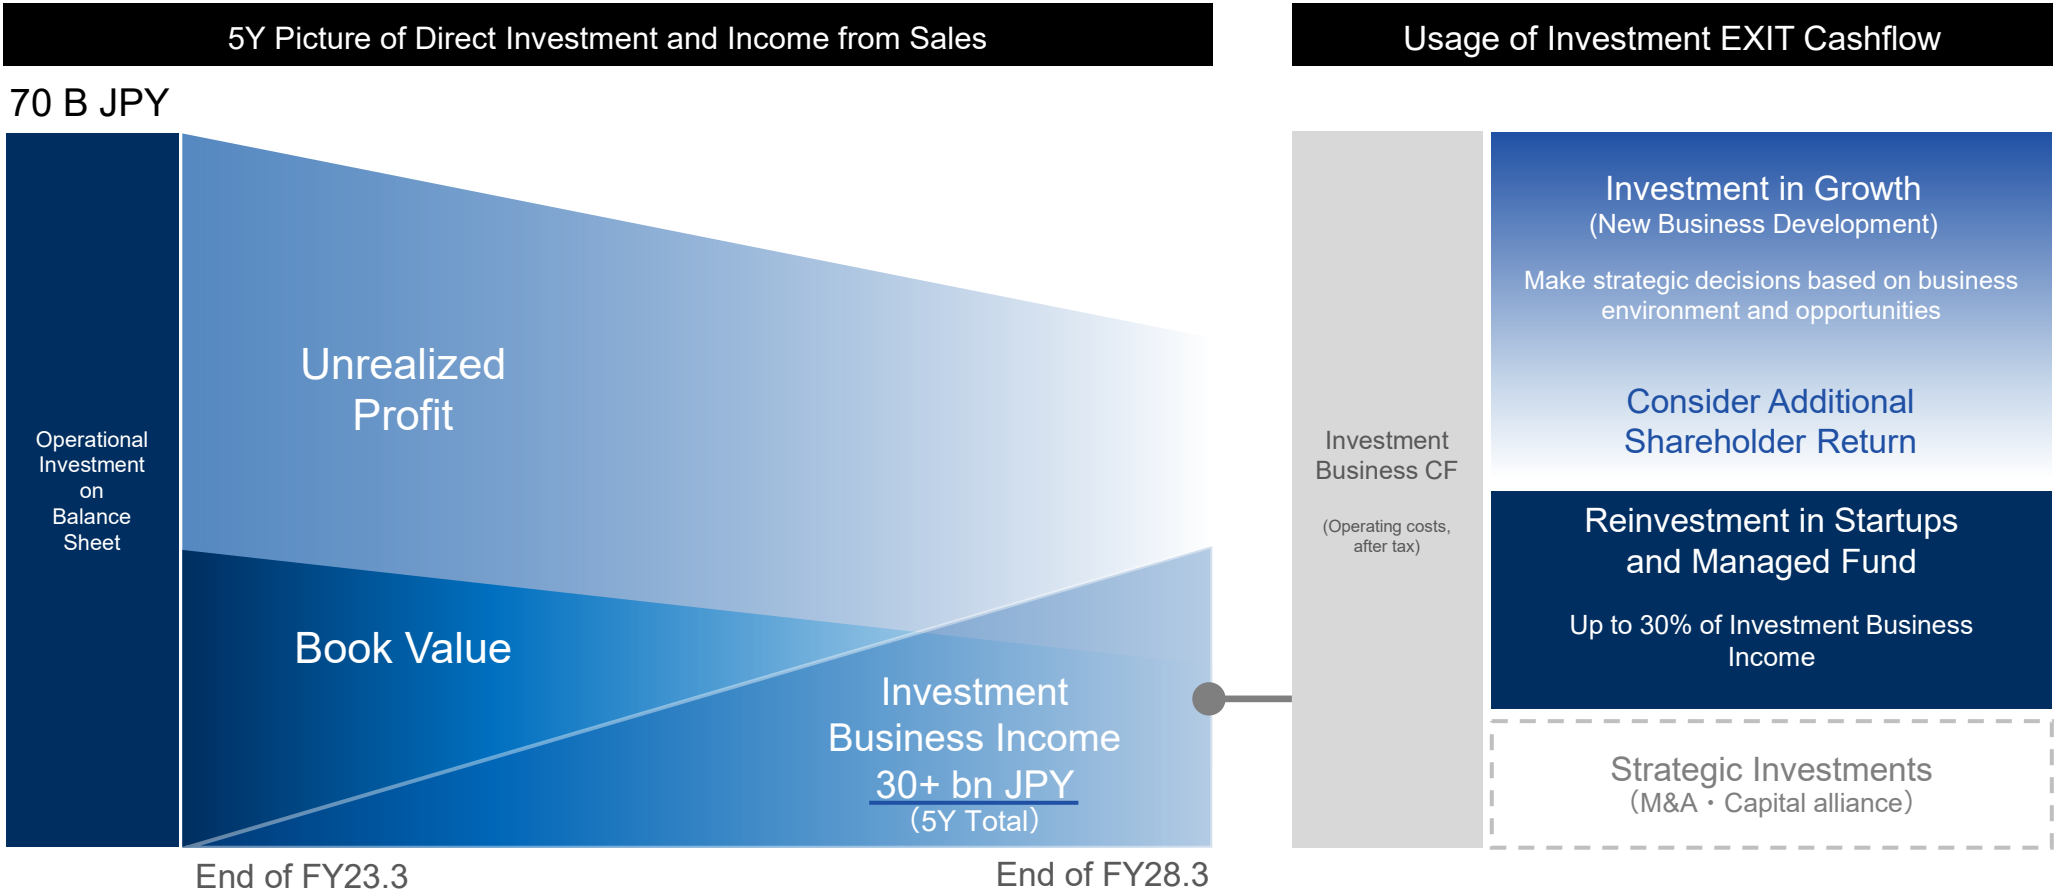

Reference Materials (3): Cashflow Allocation / Shareholder Return

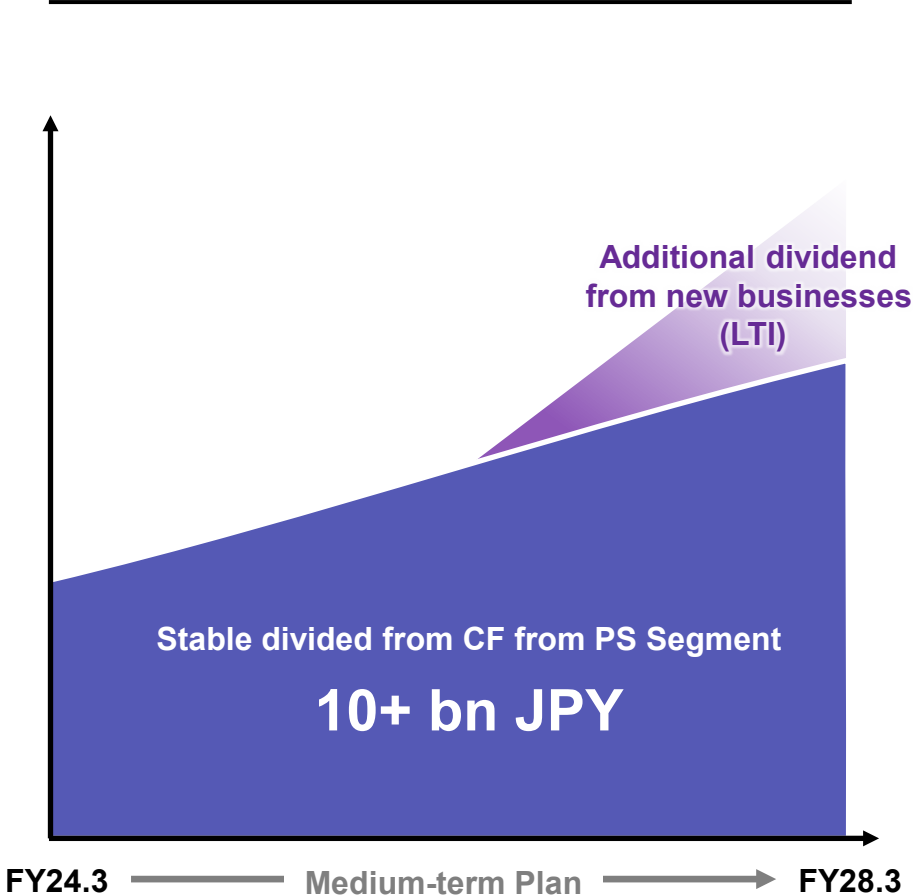

- Promote the sales of shares directly held by DG to generate investment EXIT income (proceeds from sales, etc.)
- Carefully select new investments, and plan for investing through funds for income purposes to diminish the balance
- Clarify the use of investment EXIT income and make strategic decisions on growth investment and additional returns, including new business development

	Policy	Distributable resources
Stable Dividend	Long-term stable dividends on a progressive dividend basis	Base Business Cashflow
Accelerating Dividend Increase	Increasing dividend growth rate by launching new businesses	
Additional Return	Special dividends/share buybacks based on portfolio sales progress	Income from sales/distributions in the investment business

- Dividends Policy: Progressive dividend based on PS cashflow & additional dividends by cashflow from new business
- Consider additional returns (special dividends, share buy-back) from CF from the investment business as active options

Shareholder Return by Base Business CF

Shareholder Return Policy

Additional Return from Investment CF		Investment for growth or additional shareholder returns will be determined, considering business environment and investment opportunities	
Base Business CF	2 nd Layer (New businesses)	Aim to increase dividends by generating cashflow through launch of strategic businesses	Dividend payout ratio 30+%
	1 st layer (PS)	Plan to pay progressive dividends from cashflow of PS Segment, which is expected as continuous profit growth
